EIS SUPRA

EXPRESS IMAGING SYSTEM

State-of-the-art technology for FM's, CAD/GIS and Reprographics - the brand NEW **EIS Supra** provides maximum productivity and flexibility to meet your large format scanning, copying and printing needs.

Featuring NEW LUXIOS™ Scanning Color Engine!

Luxios™ color engine offers an enhanced sensor which is expanded to 48-bits that can produce scans with greater accuracy and speed. It is also compatible with Adobe RGB mode, allowing for a wider gamut of color reproduction.

System Includes:

Scanner
36" scan width with scan speeds up to 10-ips in B/W and 3.3-ips in color

Printer
High speed 36" wide, 2400 X 1200 dpi 5-color Photo Quality Printer

Controller
Powerful **Rocket™ II Scanner Controller** Featuring an Intel 2.6 Ghz Quad-Core processor with 4 GB high-speed ram and a 500GB hard drive

Software
Intuitive and easy to use document imaging software for scanning, printing and copying functions featuring touch screen interface

Reprographics Stand
Fully adjustable reprographics stand that minimizes the combined footprint of the scanner and printer to make a highly productive workstation
